

Fall One 2024

Clay Relief- We will design our own images using the relief method to create a scene coming out of tiles. By carving away and adding clay we will learn how to use multiple tools to make fine pieces of art.

Explore the Seven Seas- Each seaside has something unique for artists to be inspired by. Discover a variety of plants, animals, and architecture near the seas using paint and more.

Flowers in a Vase- Using paints and pastels we will be recreating master copies of famous flower vase paintings.

Garden Bugs- Who is crawling, buzzing, and flying around the plants? Learn about different bugs while painting them in their wonderful environment.

Jungle Cubs- Join us in the jungle while painting our little friends. This step by step drawing and painting class

Mixed Media Collage- Explore a variety of supplies and mediums to create beautiful work that pops off the page. Projects will start with a drawing or painting that will be cut out and arranged creating a 3D illustration.

Paint with Pastels- Come explore the different ways we can use pastels to enhance our paintings! Learn about colors and textures while painting beautiful landscapes, animals, and more.

Paper Mache Multicultural Pottery- Pottery can be a great way to explore different cultures throughout history. Choose a traditional piece of pottery to inspire your 3D paper mache ceramics. Then we will focus on decoration using historic images, patterns, and colors.

Print' n Paint- Learn to paint while using interesting tools to create texture within the piece and practice sensory skills. This class is different from our traditional painting classes as our focus is on the printing element.

Silhouettes at Sunset- Enjoy the process of making colorful gradient skies behind shadowed landscapes

Swamp Critters- Discover warm and cool colors while painting scenes at the swamp. The wetlands shelters many exciting animals for us to explore.

Watercolor and Ink Illustrations- Learn how to apply ink as an element of design within your paintings to create whimsical pieces. This class will have a strong emphasis on drawing before moving on to the exciting medium of watercolor.

What's Growing in the Garden- Create lovely paintings of our favorite fruits and veggies. Drawing simple shapes allows us to focus on creating luscious color and give depth so we can pick the fruit off our canvas!
