

Class Descriptions:

Pre-K

Kinder Paint and Clay- In this playful and creative class, little artists will dive into the world of paint and clay! Using colorful paints, children will learn how to create beautiful artwork with their brushes, while also exploring the tactile world of clay. They'll shape and mold their own sculptures, from animals to simple shapes, and then decorate them with paint to add bright, fun details.

Mom & Me- Using watercolor, tempera, and more, moms and kiddos will have a blast learning about brushwork, mixing colors and creating textures. A nurturing environment to encourage your budding artist's creativity and imagination.

Kinder Paint- In this fun-filled painting class, young artists will discover the magic of painting with a variety of colorful materials! Using brushes, sponges, and their hands, kids will explore different painting techniques while creating their own masterpieces.

Carnival of Animals- A magical menagerie of drawings and paintings will be created as we embellish our animal friends to be on parade in your home.

Class Description:

Grades K-2

Season of the Oak- In this class we will be drawing and painting oak trees throughout the different seasons. Exploring their form and textures while playing with the effects of light through the branches.

The Art of Patterns- This class will teach kids how to use repeating shapes and colors to create beautiful, fun designs. Students will explore how to fill their artwork with rhythm and movement, and they'll learn how different patterns can tell a story or create fun effects. A perfect way to get young artists thinking outside the box!

Mix it Up: Collage n' Paint- Using bright paints and a variety of materials, children will create vibrant, one-of-a-kind masterpieces. They'll learn how to layer torn paper, fabric, and other fun materials on their artwork to add texture and dimension, all while experimenting with colors and shapes. This hands-on class encourages creativity, fine motor skills, and self-expression in a playful and supportive environment—perfect for little hands to make big art!

Watercolor and Resist- In this fun and colorful class, young artists will discover the magic of watercolor painting combined with resist techniques! Using materials like wax crayons or masking tape, students will create designs where colors flow and blend, while their resist marks stand out in beautiful contrast.

Pop-Up Cards: Using simple folding and cutting techniques, students will learn how to make their artwork jump off the page in 3D. This class encourages creativity, problem-solving, and fine motor skills as students make personalized, interactive cards to share with family and friends!

Clay Planters- Enjoy the process of sculpting in clay, but create something beautiful and functional. Hand-build clever and creative functional terracotta sculptures to be used and enjoyed as a real planter to put a nice plant inside. All pieces will be painted with underglazes. Art pieces will be kiln fired, glazed, kiln fired again and ready to use.

Cartooning Posters- Artists will learn how to bring their favorite cartoon characters to life using markers and colored pencils! This class is all about creativity, fun, and learning the basics of cartooning, giving kids the skills to make their own comic posters or colorful character art.

Class Description:

Grades 3-5

Muppets and Puppets- In this imaginative class, students will learn how to design and make their very own puppets! Using a variety of materials like fabric, yarn, buttons, and sticks, students will create unique puppet characters from scratch. They'll learn basic sewing, gluing, and decorating techniques to bring their puppet ideas to life, from funny faces to whimsical creatures.

Sewing/ Painting: Tote Bag Design: Students will be given a tote bag to completely design on their own. We will practice different embroidery designs that we hope to incorporate into the bag. To further the designs we will be able to embellish the bag using acrylic paints and more!

Traditional Paper Mache- Using newspaper, glue, and simple tools, kids will learn how to craft 3D sculptures from scratch, shaping their imagination into creatures, masks, bowls, or other exciting designs. They'll start by creating a base structure and then layer paper mâché to build up texture and form. Once dry, students will paint and decorate their creations, turning them into colorful works of art.

Youth Mosaic- Discover this irresistible art form as you learn the techniques to create a whimsical mosaic. Form your mosaic by arranging and inlaying tesserae in grout - use anything from broken ceramics, tiles, shells, pebbles, colorful glass, etc. Unleash your creativity as you experiment with color, design, and textures.

Drawing, Painting, and Clay- Try it all in this exciting class exploring 2D and 3D projects! Students will spend one day hand building a clay project, and another day painting their clay pieces. The remainder of the class will be used for drawing and painting projects.

Comic Book Lettering- In this dynamic class, young artists will learn the art of comic book lettering! Kids will discover how to create bold, eye-catching letters that pop off the page, mastering perspective, font styles, and dramatic effects to bring their comics to life. They'll practice writing dialogue in different comic fonts, from action-packed to whimsical, while learning how to make their letters look like they're jumping out of the scene

Class Descriptions:

Grade 6+

Teen Studio- This Teen Studio Painting class is designed for young artists who want to explore the world of painting in a fun, supportive, and creative environment. Whether you're interested in acrylics, watercolors, or mixed media, this class will help you develop your skills and express yourself through the art of painting.

Teen Clay Studio- Get your hands in the clay and let your imagination run wild! In this Teen Clay Studio class, you'll dive into the exciting world of ceramic art, learning how to sculpt, mold, and create with clay. Whether you're interested in functional pottery, abstract sculptures, or decorative pieces, this class is the perfect place to experiment and develop your skills in a fun and creative environment.

Cartooning: Stop Motion Studio- Learn how to make your own stop motion animations! Students will design and create their own articulated paper dolls, props, and storyline to film a short stop motion video. Perfect for budding writers and filmmakers!
